

# One Stop Shop for all your printing

**P**RS Yorkshire Ltd was originally established in 1990 owned and run by Randolph Victor. We have a team of 14 plus working in a 11,000 sq. ft building incorporating a new spacious office, a newly refurbished and fully equipped graphic design studio, a sign writing and vinyl graphics department and four large print areas and our large conference room. Our four print areas are for Screen printing, Digital/Litho printing, Large Format UV flatbed printing and Large Format on the roll printing.

Within PRS we have our own lithographic print department with the ability to produce anything from 1 to 4 colour letterheads, business cards or brochures & leaflets, in fact all your business design & print requirements.

We have a cutting routing machine available to do 3D letters of any shape and size logos or signs. This compliments the dedicated digital flatbed rooms work when needed.

We are an efficient economical 'One Stop Shop' for all your printing signage, internal and external cars, vans or bill boards are just some of the few things we offer.

We also have an embroidery section where exclusive designs can be portrayed onto any item of clothing. We are able to depict your company product logo onto hats, sweatshirts, fleeces, t-shirts, polo shirts, tabards – again, just about anything!

When it comes to printing and signage, excellence is not optional. With a vested interest in creating beautiful signage, vehicle wraps, wall coverings and much more.

We take great pride in not only our work but our reputation. From creation to installation our brand works for you. With an eye for the finer details, we ensure true value for money is achieved through high impact signage that stands the test of time.

Corporate window manifestations, fleet graphics, banners, illuminated signage and everything in between, from design to installation and aftercare, we ensure our customers are delighted with the results. Our Job as your one stop signage solution is to create eye catching products to a quality unmatched anywhere in the UK, at a competitive price.

**“We are a long-standing business which thrives on efficiency and we save our customers time and money**

We are a long-standing business which thrives on efficiency and we save our customers time and money. Feel free to give us a call and see how our work can help your business make a greater impact to a larger audience.

Randolph Victor is also part of a very important community initiative to create more unity within the Afro Caribbean community in the Bradford Leeds area. Randolph believes that we must start one way or another to create more consciousness among young and old.

The importance of economic unity must be taught in our black churches, within our black organisations, black businesses, black community centres, encouraged by our black leaders of power in both government and councils. Once the message is pushed through all levels, we should start seeing some changes for our people.

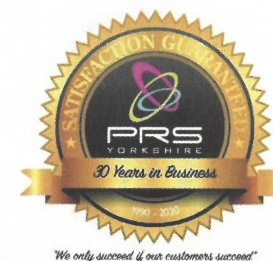

Our goal is simple. We want more unity in the community and to help that, we need a community centre. Bradford has got the city of culture. Come 2025, another reason we the Afro Caribbean community, who have no real community centre after all these years of in-fighting, have gotten nowhere regarding a community centre. So, for me, we need a hub for young and old to come together, learn from each other, and pick each other up as opposed to bringing each other down.

It has to stop.

*"We only succeed if our customers succeed"*

## THE ETHOS

Behind these scratch cards is the values of giving and helping our own - our Elders, our people - encouraging black pounds into black hands for a change.

This has to start at the Top: spending with black businesses PLUS the many various council financially backed black charities/organisations up and down this country who get thousands of pounds per year - we need to actively start spending money with each other.

And finally hopefully this philosophy will work its way into the community mindset, spending money help your own people, because without economic power we will always be treated as second class citizens.

## IT'S TIME FOR CHANGE!

Hopefully this could be just another initiative along with the many others we are finally seeing up and down the country.

## IN A NUTSHELL... COMMUNITY YEARLY SCRATCH CARDS

- You pay £192 for 1 year
- This gives you same number across 3 cards
- Generates £7680
- £3840 to the winners (over 12 months)
- £3840 to the community (caveat - the money, wherever possible, is spent with our people, for our people)
- Each month, the draw for £1, £5, & £10 scratch cards are filmed and sent out to everyone, prize money each month is £320
- Winners are paid via their bank account or they can collect directly from the DA
